

Southern Cambria

The southern Cambria area includes the neighborhood off of Ardath Dr and Marborough Ln. There is emergency egress and entrance to the north via the Fuscilini Ranch, but evacuation traffic is expected to be heavy along Ardath Dr. and Burton Dr., as these are the main artery of exit from this area. Minimal damage is expected in southern Cambria, as there are relatively large cliffs which should deflect most of the energy arriving from a tsunami.

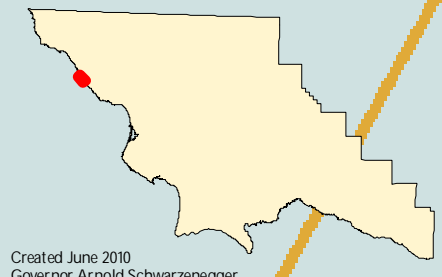

Area: West Ranch
 OES Evacuation Message:
*Move upslope to West Ranch Trail
 or off West Ranch South to Hwy 46*

Area: Marine Terrace
 OES Evacuation Message:
Move to high ground or South to Hwy 46

Area: Estero Bluff
 OES Evacuation Message:
Relocate to Harmony
